

# 40,000+ Placements

All programs  
& support fully  
delivered in  
both **French &  
English**

Since 2019, Magnet is proud to have delivered meaningful work integrated learning subsidies across Canada.

## Impact on Student Success

Magnet has worked with **120+ Post Secondary Schools** from coast to coast to coast

By 2027, SWPP students expect to earn **\$11,000** more per year than their counterparts that participated in other WIL programs.

Students get additional financial benefit of **\$1,038** per month by participating in WIL

*"There is nothing I would change about this work placement as the amount of support I had received has helped me grow as an individual of the company."*

— Lindan Thillanayagam, York University

SWPP students show **greater levels of confidence in finding meaningful work** than other WIL and non-WIL students.

SWPP students also show **higher confidence in "soft" or transferable skills** than other WIL and non-WIL students.

92% of students felt that this was a good/excellent professional development opportunity

## Benefits for Employers

Each student creates **\$401 value** to the business/month

# 44%

of SWPP employers would **not** have hired a student without without SWPP funding

**71% of SWPP employers** reported hiring WIL participants who belong to equity-deserving communities underrepresented in their sector.

**86% of employers** had a good/excellent SWPP experience

*"These subsidies really do make a difference for small companies like ours, and the extra attention we had from Magnet helped us cover our students."*

— Ryszard Kubinski, Chief Scientific Officer, Phyla

48% of employers had hired a SWPP or WIL student after graduation into full-time work.
